SECTIONS
1 AND 1A.

MIRRORS, HARDWARE & LINEALS

Plexiglass Indoor

- Recommended to be used for locations where glass mirrors might prove hazardous, as in food processing plants, hospitals, schools, institutions and retail stores.

Plexiglass Outdoor

- Complete with all metal backing and frame with sets of telescopic mounting hardware (one or two depending on size).

Glass Indoor

- Protective fiberboard backing.
- c/w adjustable mounting hardware.

3200 Fixed Tilt and 3200 Heavy Duty Series

Channel Frame:

Frame is rigidly formed of 3/4" x 5/8" type 3-4, 18 gauge #4 brush finished stainless steel. All corners are heliarc welded, ground smooth, and polished to #4 brush finish.

Mirror:

No. 1 selected 5mm float glass with chemically deposited silver, electrolytically copper plated followed by a heavy coating of tough elastic paint.

Mirror Back and Mounting

Mirrors to be taped, siliconed, suspension glazed with PVC blocks to have a minimum 3/8" (10mm) back free air space. Newly designed wall hanger (H bracket) formed of two verticals, 1/2" (12mm) 16 gauge satin coat steel and one horizontal, 1-1/2" (38mm) 24 gauge steel spot welded together. Fully conceals mechanical fixings assuring a vandal resistant, secure wall mounting.

850 Series

Channel Frame:

One piece frame formed of 3/8" x 1/2" x 3/8" type 302 stainless steel. Frame has square, tightly mitered corners, with unique concealed screw fixings to insure easy field mirror replacement. Plastic protective coating placed on frame.

Mirror:

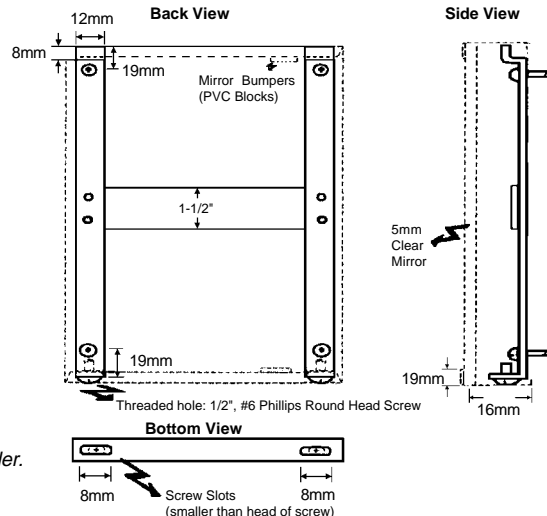

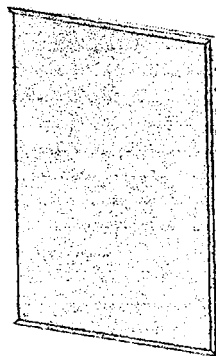

No. 1 selected 5mm float glass with chemically deposited silver, electrolytically copper plated followed by a heavy coating of tough elastic paint.

Mirror Back and Mounting

Mirror is protected with a 3/16" non moisture absorbent shock resistant primary back. This material will not absorb or retain moisture and cushions the mirror by absorbing shocks. The secondary back is of .037" galvanized steel. Three way keyhole slots, for either vertical or horizontal mounting, together with their resistant clips assures a vandal resistant, secure wall mounting.

- Has clean trim lines, ground smooth and polished corners.
- A newly designed wall hanger simplifies installation, fully conceals mechanical fixings assuring a vandal resistant, secure wall mounting.
